GRIEVANCE REDRESSAL AWARENESS PROGRAMME

To facilitate the objectives of the Grievance Redressal Cell, different activities are conducted from time to time. Out of these activities, one important activity which is a regular feature of every year’s task is a ‘Grievance Redressal Awareness Programme’. This awareness programme is conducted in the beginning of the session, under which, the Grievance Redressal Cell representatives visit each section of the B.Ed, M.Ed, B.Ed-M.Ed, B.A./B.Sc-B.Ed and PGDCA classes. During their visit, they give a short description about the Grievance Redressal Policy, its objectives, and its Committee members for the current year. Students are informed that the campus is no ragging zone and bulletin boards regarding this are also displayed at several places in the college campus. Students are sensitized that they will not indulge in any sort of ragging activity. All the students are also well informed about the procedure of how to register grievances, if they face any problem during their stay in the college.
