STRATEGIC PLAN

(2022-2023)

The students of an institution are its greatest stakeholders and all academic and co-academic activities are organized in the college for their holistic development. As a leading institute of Teacher Education in the region, our mission is, to prepare passionate, innovative, secular teachers having commitment to excellence and professional outlook. A holistic and catalyst approach is one of the basic strategies that the college employs to develop these competencies among the students. It was decided in the IQAC cell meeting to present awards or to recognize the competencies and talent of the students, so that higher standards of excellence can be orchestrated for coming generations. The award will motivate and ignite a new spirit in the students and will help in creating a strong sense of purpose, persistence and accomplishment to work hard and perform better in all their endeavors. The proposed plan after being approved by the principal was forwarded to the managing committee for its approval. The college principal constituted a committee for the execution of the event after getting necessary directions from the managing committee.

Strategic Plan

- An award named 'Principal S. Gurnam Singh, Student of The Year Award' would be instituted (with a corpus deposit) to ignite new spirit among the students.
- A committee would be constituted for the transparent selection of the students and for conformation of the award.
- The committee would discuss their agenda in the joint meeting of IQAC committee and Principal for the execution of the event.
- Proforma and eligibility criteria would be decided by the committee in consultation with the head of the institution.
