ABOUT US
Khalsa College of Education, Amritsar, a premier institute of Teacher Education is a unique amalgamation of professional and academic excellence. The college started its onerous journey as a B.T. Department of main Khalsa College, Amritsar in the year 1954 and subsequently became an independent college in the year 1959.
Khalsa College of Education is one of the leading Teacher Education institutions in the region established with a vision to develop a globally compatible, socially responsive, secular, innovative, comprehensive institute of excellence in the field of teacher education, research and extension with a focus on the holistic development of individual and society by intertwining regional, national and international linkages. Accredited ‘A’ grade thrice by NAAC in 2003, 2011 and 2016, the objective of the college is to prepare passionate, innovative, secular teachers for 21st century with a focus to develop their competencies and chisel their skills required to compete in the world job market.

ABOUT THE BOOK
The ascent of Artificial Intelligence marks a pivotal transition, heralding a future with limitless possibilities. Many new applications, driven by Artificial Intelligence, are rapidly seeping into the fabric of everyday life and education is no exception. This shift demands an agile and forward-thinking approach to skill development as well as strategic reassessment of our educational and vocational training systems. In view of the immense potential of Artificial Intelligence in education, NEP 2020 has recommended that the teachers and students should be proactively equipped with the requisite knowledge and skills needed for integrating Artificial Intelligence in education.

Khalsa College of Education, G.T. Road, Amritsar invites the ideas and experiences of the research scholars, teachers, teacher educators, administrators and experts from across the nation on how artificial intelligence is transforming education and helping to maximise the management and delivery of educational content and learning experiences. The views, perceptions and thoughts of experts will be published in the form of an edited book with ISBN. The compendium will serve as a detailed policy document for who so ever seeks to analyse the powers and perils of Artificial Intelligence driven education.

THEME
ARTIFICIAL INTELLIGENCE: TRANSFORMING EDUCATION

SUB-THEMES
